### **Action Taken Report of the Institution on Feedback**

#### **Academic year 2016-2017**

This organization is affiliated to JNTUA, Anantapur and the college academic curriculum is designed by the Board of Studies in the University. Board of Studies designs curriculum by taking suggestions and remarks from the affiliated colleges through conducting meetings with the Principals (of the affiliated colleges) before preparing the Blueprint of curriculum.

However, institution obtains feedback on the curriculum design and development from various stakeholders. The feedback is collated and analyzed at College academic meetings in the institution. Based on feedback requirement, institutions plan to arrange training programs both by Academicians and Industry experts. Industrial visits are arranged to enrich the education. More practical sessions are included for better understanding of the subject. More e-books are installed and made available. Mini projects are given in each semester to improve their outlook and make them more skilled. Maintain correlation between theory and lab sessions

Suggestions and remarks about curriculum are conveyed by Dean to the University through attending meetings in the University and it is made perfect to suit the students - instead of mere gathering of information so that it can enhance the ability of the students to think innovatively.
